OAK FINGER PARQUET PORTABLE DANCE FLOOR

Photo courtesy of Trejo Portable Dance Floors

Upscale, Real Oak Dance Floor

Nothing quite matches the look and feel of a real wood dance floor. Our Windsor Oak Finger Parquet portable dance floor is topped with a genuine oak surface to provide an elegant look that is perfect for any indoor event. The baked-on urethane finish and minimal maintenance, allows you to dance for years on a floor that shines.

Rich and warm in its brown tone, the oak parquet creates an image of luxury and authenticity while providing a strong, stable dance surface. Our floor can be placed indoors over rugs or flooring without the removal of carpeting or without scuffing the floor underneath. It's the perfect dance floor solution for dinner parties, weddings, or special events.

FEATURES AND BENEFITS

- Authentic, real wood perfect for luxury events and special occasions.
- Resilient shine with only minimal maintenance.
- Active connection system prevents panels from pulling apart up, down, or sideways.

Simple to Use

As with our entire line of CPDFC dance floors, our Oak Finger Parquet panel uses a unique, tongue-and-groove connection system which is simply aligned and then screwed in place to form a secure, seamless connection between panels. These panels are designed to create an even, stable dance surface over rugs and carpeting without damage to the floor underneath.

Border edging is available in two standard widths. Each made from aluminum, the standard trim sits at a 45° angle and the wide trim at an 11° angle that is suitable for ADA requirements.
